Lee,

I think it will be better if I just have one person doing all of this. Ben had stated that you would be helping out with the first two shows but I would prefer consistency.

Marco is our event producer for our other events.

Thank you.

So I have a clear understanding, all you need from us is a determination of how much power is available at the site, is that correct?

My guys have been putting together a sound equipment package, but if you have assigned that task to Marco, then we will focus on the electric issue.

Will Marco also be handling any lighting equipment, and do you think he will need one of our techs to help with set up, etc?

Thanks.

Good afternoon all,

In an effort to streamline our entertainment for the remainder of the year, I would like to coordinate it as follows:

Ben Johnson - [213-202-5500](tel:213-202-5500) Research talent and make recommendations, negotiate prices

Joe Pielago - [310-832-2183](tel:310-832-2183) Work with Ben to finalize final schedule of talent.

Marco Duval - [310-261-8778](tel:310-261-8778) Assume all technical needs for all performances.

Lee Sweet - [310-548-2493](tel:310-548-2493) Assign technician to evaluate our current electrical capacity and relay that message to Marco. This should be done sooner rather than later.

Our office is not able to provide the technical assistance and we really need to have someone else assume this responsibility.

Thank you for your assistance.

Best regards,
